1	PUBLIC INFORMATION SECTION						
2							
3	The Public Information Section informs employers and employees of their rights and responsibilities under the Unemployment Insurance Code, and of the services of the public employment offices; instructs the public in matters concerning the code; and maintains liaison with representative groups. An additional clerical position is requested based on increased workload.						
4

16	Unemployment Compensation Disability Fund				7,392	11,005	10,633
17							
18	RESEARCH AND STATISTICS SECTION						
19							
20	The Research and Statistics Section compiles the departmental statistical reports; carries out analytical research in connection with the employment security and disability insurance programs administered by the department; makes estimates of the workload of the department for use in preparing departmental budgets; and provides statistical and research services to the operating divisions of the department. A decrease of 6 clerical positions is anticipated as a result of a decrease in federal reporting and economics of electronic data processing machine operations.						
21							
22	SALARIES AND WAGES

48							
49	DIVISION OF APPEALS						
50							
51	Objectives						
52	The 3 members of the California Unemployment Insurance Appeals Board constitute the final administrative body, vested by law with the responsibility of reviewing and deciding appealed matters relating to disputed unemployment insurance and disability benefit determinations, and employer tax liability. The Appeals Board also hears appeals from rules and regulations proposed by the director.						
53							
54	Program and Performance						
55	The Appeals Board formulates its own administrative policy and through its secretary and chief referee (the 2 principal appeals and review officers) administers the affairs of the entire division. Area referee offices have been established in San Francisco, Sacramento, and Los Angeles. The referees staffing these offices have the primary responsibility of hearing and deciding appeals from determinations relating to unemployment insurance benefits, disability benefits, overpayments and disputed employer tax liability matters.						
56	An additional referee and clerical position are proposed for the Appeals Board staff. The area referee offices have proposed 3 temporary positions for seasonal appeals load. All of the foregoing requests are based on increased workload. A duplicating machine operator is transferred from the area referee offices to the Area Business Management Unit.

49							
50	Objectives						
51							
52	The Division of Accounts and Tax Collections is responsible for audit of employers' accounts.						
53							
54	Program and Performance						
55							
56	The Deputy Director is the chief of this division. The division consists of a central office auditing staff and field auditing section. No						
57	increase in personnel is proposed.						
58	The central office staff assesses, adjusts, and makes refunds on employer accounts; issues opinions on questions of coverage, takes						
59	collection action on unpaid accounts, and makes assignments for necessary field action.						
60	The Field Auditing Section makes audits and investigations of employer accounts; makes collections of contributions due; investi-						
61	gates wage credit disputes; and registers and assists employers in complying with the code.

LINE	SUPPORT EXPENDITURES DETAIL	NO. OF POSITIONS			ACTUAL 1956-57	ESTIMATED 1957-58	PROPOSED 1958-59
		56-57 (Filled)	57-58 (Auth.)	58-59 (Auth.)			
1	OFFICE OF ASSISTANT DIRECTOR-COMPTROLLER						
2	Objectives						
3							
4	The assistant director-comptroller advises the director and deputy director on fiscal matters and supervises the Standards and Methods						
5	Section, Tabulating Section, Accounting Section, Administrative Services, and the Internal Auditors.						
6							
7	Program and Performance						
8							
9	The Standards and Methods Section is responsible for a continuous review of the department's organization and the co-ordination of						
10	of programs, policies, and procedures. It evaluates present and future efficiency and effectiveness of existing policies, methods, and						
11	organizations. It endeavors to be informed of all problems which require planning, to develop adequate solutions, and to follow up						
12	results of planning activities. It also maintains the central archives and policy files of the department.						
13	The Accounting Section processes employer status records and contribution and earnings reports; receives and deposits remittances;						
14	maintains employer reporting and accounting controls, and reserve accounts records; reconciles the bank accounts of the various						
15	benefit programs; maintains employer and wage earner report files, recomputes insurance awards; adjusts insurance account bal-						
16	ances; maintains fraud and overpayment records; and maintains accounts and processes documents relating to unemployment						
17	insurance and disability insurance overpayments.						
18	The Tabulating Section establishes and maintains claim and wage record files; records and computes benefit awards; records employee						
19	and employer contributions; prepares related statistical reports; and assists in relevant fiscal operations.						
20	The chief of administrative services directs the activities of the Training Unit, Property Unit, Area Business Management Units,						
21	Fiscal Section and Personnel Section.						
22	The Training Unit plans and directs department-wide training; assists in developing and co-ordinating sectional and divisional train-						
23	ing; recommends and evaluates training policies, standards, and methods; and promotes related staff development programs.						
24	The Property Unit co-ordinates the negotiations for leasing of premises; plans and develops the departmental building program;						
25	arranges for maintenance and alteration of premises; and performs business management functions for the Interior Area.						
26	The Area Business Management Units in Los Angeles and San Francisco advise the area and field office managers on fiscal and per-						
27	sonnel management procedures; develop proposals for maintenance of equipment and changes in field office premises and improve-						
28	ments in physical facilities; negotiate with lessors; secure bids from contractors; advise on equipment needs; authorize public						
29	utility installations; maintain personnel and pay roll roster records for all positions; process personnel documents; and inter-						
30	view, select, and assign eligible applicants for clerical positions. The Property Unit performs these functions in Sacramento.						
31	The Internal Auditors in the Area Business Management Units audit financial operations and records in all field offices; verify cash						
32	balances; determine whether prescribed security measures are observed for the safety of cash; ascertain that prescribed local						
33	office cash payment procedures are being followed; and examine overpayment collection accounts and receipts.						
34	The Personnel Section assists management in planning, developing, placing into effect, and evaluating a comprehensive and effective						
35	personnel program which includes the views and interests of employees.						
36	The Fiscal Section Accounting Group controls and accounts for the expenditures of the department's administrative funds; main-						
37	tains control accounts for the Unemployment, Disability, and Contingent Funds; stores and distributes departmental equipment						
38	and supplies, maintains a departmental functional time reporting system, and prepares the department budget.						
39	The Office Services Group of the Fiscal Section provides the departmental services of typing, dictating, machine transcription, dup-						
40	licating, teletype and mail control.						
41	14 janitor positions are deleted from the Area Business Management Unit. Janitorial services for the Los Angeles building will be						
42	handled by the Department of Finance, Buildings and Grounds Division. 2 positions have been transferred into the Area Business						
43	Management Unit from other sections.						
44	15 temporary positions for seasonal claims load are proposed for the Accounting Section based on workload.						
45	8 positions based on workload are justified for the Tabulating Section. A photocopyist is proposed for the Los Angeles Area Business						
46	Management Unit.						
47

53	DIVISION OF DISABILITY AND HOSPITAL BENEFITS						
54							
55	Objectives						
56							
57	The Division of Disability and Hospital Benefits is responsible for the administration of the disability insurance program.						
58							
59	Program and Performance						
60							
61	The central office operation develops plans, standards, and procedures for, and evaluates all disability insurance claim operations						
62	(including hospital confinement benefits); reviews state first claims for disability insurance to determine whether they meet						
63	minimum standards; reviews voluntary plan claim reports to determine whether they meet minimum standards; gathers and						
64	prepares data to be submitted with voluntary plan appeals; handles correspondence regarding state and voluntary plan inquiries						
65	on benefits; reviews state disqualifications and appeals; reviews voluntary disability insurance plans and makes recommenda-						
66	tions for approval.						
67	General administration expenditures for this division are shown under the Office of the Director.						
68	The Claim Control Section processes state and voluntary plan claim reports; supervises voluntary plan activities for conformity						
69	with requirements of the California Unemployment Insurance Code; and maintains voluntary plan files.						
70	The 18 disability district offices within their assigned geographical districts determine eligibility of claimants for disability insur-						
71	ance; issue disability payments to eligible claimants; conduct correspondence with employers, claimants, doctors, institutions,						
72	and other state or governmental agencies; and maintain claimant disability insurance records. 50 proposed new positions are						
73	included, based on an estimated workload increase. These additional positions will be assigned to the district offices according						
74	to the workload requirements.						
75	The medical director formulates medical policies, programs, and standards for the disability insurance program of the department.						
76	Offices are maintained in Sacramento, Los Angeles, and San Francisco.

e Incomplete. See footnote d.

Department of Finance—Fairs and Expositions Division

DISTRICT AND COUNTY AGRICULTURAL FAIRS AND CITRUS FRUIT FAIRS

GENERAL ANALYSIS

There are 79 fairs or expositions which are operated by state agencies or with financial assistance from the State. They are authorized for the purpose of holding fairs, expositions and exhibitions of all the industries and industrial enterprises, resources, and products in the State, with a view of improving, exploiting, encouraging and stimulating this production.

The California State Fair and Exposition, a state institution within the Department of Finance, conducts the California State Fair in Sacramento. The Sixth District Agricultural Association maintains a permanent exhibit building in Los Angeles. 51 other district agricultural associations, which are state institutions, conduct district fairs; 24 counties conduct county fairs, and 2 nonprofit corporations conduct citrus fairs. All of the agencies conducting these fairs, except the Los Angeles County Fair and the 2 citrus fairs, are required to submit budgets to the Department of Finance for approval.

Budgets of the California State Fair and Exposition and the Sixth District Agricultural Association are not included in this section. The complete budgets of these 2 agencies are included in the State Operations Section and the Capital Outlay Section of the budget. The budget for the California State Fair and Exposition will be found on pages 293 to 298 and on pages 770 to 772. The budget of the Sixth District Agricultural Association will be found on pages 298 to 301 and on pages 773 to 775.

The expenditure programs of 75 district and county agricultural fairs and 2 citrus fairs are included in this section of the budget. On the following pages are shown summaries of budgets for 51 district fairs, 24 county fairs, and 2 citrus fairs in California. Each budget contains a statement of revenues, expenditures, surplus, and a brief history and program of the fair. The 1957 classification of each fair as reported by the Fairs Classification Committee is also shown.

The Department of Finance, through the Fairs and Expositions Division, supervises the operations of 74 of the 75 district and county fairs in California which receive financial assistance from the State. The Los Angeles County Fair and the 2 citrus fairs are not under supervision of the Fairs and Expositions Division.

All-year use of fairgrounds facilities has increased greatly over the past few years as buildings and grounds have been steadily improved. Interim uses include community gatherings, recreational activities, conventions, livestock sales, 4-H and Future Farmers meetings, sports events, school sessions, farm labor camps, and relief headquarters in times of disaster.

Full-time managers are employed by both district and county fairs. Other permanent employees of district agricultural associations have civil service status.

In an effort to improve the fair program the Fairs and Expositions Division co-operates in the conduct of schools of instruction for fair managers and directors; sponsors an annual conference for training of judges who officiate at fairs; holds annual meetings with Future Farmers and 4-H officials and with representatives of breed associations and exhibitors' groups to revise rules and regulations and the master premium list which details amounts that can be paid for the many classes and types of exhibits. These functions and activities are in addition to the fiscal and technical supervision by the Department of Finance over these 74 agencies.

The law does not restrict the area to be served by a district, county, or citrus fair. Some of the fairs attract and encourage exhibitors from all over the State, while the exhibitors at other fairs are limited to the district or county in which the fair is conducted or to such district or county and contiguous areas.

In the majority of cases fair operations are accounted on a calendar year basis. The fairs operating on other than a calendar year are indicated in the detailed budgets.

District Agricultural Associations

Regional agricultural societies first received financial assistance from the State in 1861. After the adoption of the new Constitution of 1879, the regional agricultural societies were succeeded by district agricultural associations authorized by the Legislature of 1880 as state agencies. Section 80 of the Agricultural Code fixes the boundaries of 52 agricultural districts. There are 51 districts organized and holding fairs in addition to the Sixth District which maintains a permanent exhibit in Los Angeles.

Each of the district agricultural associations are state agencies administered by a board of 8 directors appointed by the Governor. The organization and operation of district agricultural associations are governed by Sections 80 to 93 of the Agricultural Code. District agricultural associations are subject to the laws and administrative regulations which apply to state agencies generally and to specific rules and regulations which apply only to district agricultural associations or to district and county fairs. District fairs are conducted under budgets approved by the Department of Finance and practically every action taken by an agricultural association requires departmental approval. The Audits Division of the Department of Finance audits the premium awards made at the fairs and makes postaudits as well.

Revenues received by the Sixth District Agricultural Association, Los Angeles, are deposited in a special fund in the State Treasury and this association operates out of this special fund under appropriations by the Legislature. This district does not receive an allocation under the provisions of Section 92 of the Agricultural Code.

The 1-A District Agricultural Association, San Francisco, has been receiving 2 continuing appropriations from the State. An appropriation of \$100,000 per year for support was provided in Section 19622 of the Business and Professions Code. An annual appropriation of \$65,000 per year for the support of the Grand National Junior Livestock Exposition conducted by the 1-A District was provided by Section 19626.6. Under the provisions of Section 19622, as amended by Chapter 2387, Statutes of 1957, these were combined into 1 appropriation of \$250,000 per year for support.

The 48th District Agricultural Association has been receiving annual allocations under the provisions of Section 92 of the Agricultural Code. Chapter 2387, Statutes of 1957, which amended Section 19622 of the Business and Professions Code, provides a continuing appropriation of \$125,000 per year for support of the 48th District in lieu of the annual allocation under Section 92 of the Agricultural Code.

The remaining 49 district agricultural associations receive annual allocations on the basis of premiums paid at their respective fairs.

County Agricultural Fairs

The majority of the county fairs are conducted by nonprofit associations acting as agents of the respective boards of supervisors under the provisions of Government Code Section 25905, and receive allocations under the provisions of Section 92 of the Agricultural Code. In a few cases fairs are conducted directly by the county. County fairs, except Los Angeles County Fair, conduct their operations under budgets approved by the Department of Finance. The Audits Division of the Department of Finance audits the premium awards made at the fairs and makes postaudits as well.

The Los Angeles County Fair is conducted under the provisions of Section 25906 of the Government Code. The County of Los Angeles has been receiving an annual appropriation of \$125,000 for the support of the fair under Section 19622 of the Business and Professions Code. The amount of this annual appropriation was increased to \$250,000 under the provisions of Chapter 2387, Statutes of 1957. The county does not receive an allocation under the provisions of Section 92 of the Agricultural Code.

The remaining 23 counties which receive funds for the encouragement of agricultural fairs receive allocations under the provisions of Section 92 of the Agricultural Code.

Citrus Fruit Fairs

Citrus fruit fairs receive an allocation under the provisions of Section 19624(a) of the Business and Professions Code.

The National Orange Show, a nonprofit corporation, receives an annual allocation from the 5 percent of the first balance of the Fair and Exposition Fund which is appropriated for the encouragement of citrus fairs. The allocation has been limited to \$100,000 per year, but this limit will be increased to \$150,000 for the allocation to be made in July, 1958, and each succeeding year under the provisions of Section 19624(a) of the Business and Professions Code as amended by Chapter 2418, Statutes of 1957.

The Cloverdale Citrus Fair, a nonprofit corporation, receives an annual allocation from that portion of the 5 percent of the first balance of the Fair and Exposition Fund which exceeds the amount which may be allocated to the National Orange Show. The allocation to the Cloverdale Citrus Fair has been limited to \$15,000 per year, but this limit will be increased to \$30,000 for the allocation to be made in July, 1958, and each succeeding year under the provisions of Chapter 2418, Statutes of 1957.

Department of Finance—Fairs and Expositions Division

DISTRICT AND COUNTY AGRICULTURAL FAIRS AND CITRUS FRUIT FAIRS—Continued

The National Orange Show and the Cloverdale Citrus Fair are the only citrus fruit fairs which have qualified to receive allocations under the definition of citrus fruit fairs as contained in Section 94 of the Agricultural Code and Section 19624 of the Business and Professions Code.

Section 94.5 of the Agricultural Code provides that upon dissolution of a citrus fair all property of the fair or association after payment of outstanding debts shall escheat to the State. The citrus fairs do not receive allocations under the provisions of Section 92 of the Agricultural Code.

Allocation of State Funds

Sections 19622, 19624, and 19626(c) of the Business and Professions Code provide that part of the revenue received from pari-mutuel wagering on horse racing shall be used for the support and encouragement of and capital outlay at district and county agricultural fairs and citrus fruit fairs. A statement showing the distribution of the Fair and Exposition Fund appears in the Capital Outlay Section of the budget on page 775.

Section 19622 makes annual appropriations to district and county agricultural fairs as follows:

Support of the Los Angeles County Fair	\$250,000
Support of 1-A District Agricultural Association	250,000
Support of 48th District Agricultural Association	125,000

Section 19624 provides that 5 percent of the balance remaining after deducting certain appropriations shall, subject to statutory limitation, be paid to citrus fruit fairs. This section also provides that 40 percent of the balance shall, subject to statutory limitations, be apportioned for encouragement of county and district agricultural fairs under the provisions of Section 92 of the Agricultural Code.

Section 19626(c) makes the remaining balance of the Fair and Exposition Fund, after providing for the appropriations made in the Business and Professions Code and other laws, available for capital outlay purposes at state, county, district and citrus fruit fairs. These funds are allocated by the Director of Finance upon approval of the State Public Works Board.

Apportionments under the provisions of Section 92 of the Agricultural Code are forwarded to each fair in January of the year following the fair on which such allocations are based. Consequently, they are not available for payment of obligations during the calendar year in which they are earned. Provision is made for advances from state funds of amounts necessary to finance operations during the year, limited to the amount the fair will be entitled to in the subsequent apportionment. State fund operating balances of less than \$65,000 at the end of the year will necessitate advances from future apportionments.

The funds allocated for the encouragement of district and county agricultural fairs under the provisions of Section 92 of the Agricultural Code are allocated on the basis of premiums paid at the annual fairs conducted by the respective districts and counties subject to 2 limitations. The amount of premiums paid by a fair which may be used as a basis of allocating funds to that fair is limited under the provisions of Section 92 of the Agricultural Code. This limitation on each individual district or county increases each year that a fair is held. The maximum amount which may be allocated to any 1 fair in any 1 year is limited to \$65,000 under the provisions of Section 19624 of the Business and Professions Code.

The fairs which expect to receive allocations under the provisions of Section 92 of the Agricultural Code submit their proposed premium lists for review by the Fairs and Exposition Division before the premium lists are printed. The proposed premium lists are reviewed to determine if they comply with the master premium list and to determine the suitability of the proposed offerings for the individual fair.

Fairs Classification Committee

Under the provisions of Sections 92.6, 92.7 and 92.8 of the Agricultural Code, the Fairs Classification Committee was established as a study committee to classify the 72 district agricultural association and county fairs which receive annual allocations under the provisions of Section 92 of the Agricultural Code. The committee is composed of 1 representative of the Department of Finance who is not an employee of the Fairs and Expositions Division, 1 representative of the Fairs and Exposition Division, 1 member of the Senate, 1 member of the Assembly, and 1 elected representative of the fairs from each of the 7 areas set forth in the act.

The committee is required to classify the fairs after reviewing and considering the statements of operations filed by the fairs and such other available reports, statistics and other information as to the conduct, operation, management of, and other matters relating to the fairs. In making the classifications the committee must take into consideration the following:

- The type and class of agricultural, including livestock, industrial and natural resources exhibited and the amount of premiums paid in accordance with the approved premium list of such fair.
- Whether the fair is regional in nature, offers a special feature for agriculture, livestock or industry, or is a sectional fair limiting exhibits to the region in which the fair is held, and such other characteristics and factors as the committee deems necessary.
- The ratio of attendance at the fair to the population of the area served by it.
- The efficiency of management, including operational procedures, revenue from sources other than the State, quality of exhibits and community interest in such fair.
- The extent and nature of interim utilization of fair property as promoted by the fair management.
- The need of the fair for money from state sources.

In 1956 the committee designated the following 4 geographical areas for consideration of fairs to be classified as regional fairs:

- Northern Region
- San Francisco and Central Coast Region
- San Joaquin Region
- Southern Region.

One outstanding fair from each of regions 2, 3, and 4 was designated as a regional fair. The selection of a regional fair from the 27 district and county fairs in region 1 was deferred as there was no fair sufficiently outstanding on the basis of the data available and the standards established by the committee. 9 of the fairs considered by the committee were designated as special feature fairs on the basis of their predominant exhibits. The remaining 60 fairs were classified as sectional fairs.

In 1957 the committee reviewed the data available for 1956 and 1957 with special emphasis on attendance in relation to population, efficiency of management, and the size and scope of the respective fairs. After review of the data available for each fair individually and in comparison with other fairs, the committee classified the fairs as regional fairs, regional-sectional fairs, sectional fairs No. 1, sectional fairs No. 2, special feature fairs No. 1 and special feature fairs No. 2.

3 fairs were classified as regional fairs on the basis of their outstanding overall ratings within the geographical region. There was no fair sufficiently outstanding in the Northern region to be classified as a regional fair.

10 fairs were classified as regional-sectional fairs on the basis of their above average overall ratings.

22 fairs were classified as sectional fairs No. 1 on the basis of their average overall ratings.

28 fairs were classified as sectional fairs No. 2. This group consisted of fairs with below average overall ratings. Some of the fairs were below average because of the geographical location of the fairs in relation to the population concentration within the county or agricultural district. Other fairs were below average because of the limited appeal to persons other than the exhibitors and participants around which all fairs are built. A few of the fairs were below average in too many of the factors considered by the committee.

4 fairs were classified as special feature fairs No. 1 on the basis of their predominant exhibits and their above average overall ratings.

5 fairs were classified as special feature fairs No. 2 on the basis of their predominant exhibits and their average overall ratings.

The review of the data available to the committee in 1956 and 1957 disclosed that some additional detailed data was needed for a more adequate evaluation of the efficiency of management, size and scope of the fair, and need of the fair for money from state sources. It is expected that this additional data will be available for 1958.

The 1957 classifications are for the 1 year only. The overall rating of any fair on the basis of the data for 1 year may be adversely affected by unfavorable weather, nonrecurring competing attractions or other unavailable factors. In 1958 the committee will have data for 3 years for each fair and such nonrecurring adverse factors can be given proper consideration in making the classifications.

1st DISTRICT AGRICULTURAL ASSOCIATION

2	GENERAL ANALYSIS									
3										
4	The association was formed in 1922 and has sponsored the San Joaquin County Fair since 1936. Prior to that time, the history of									
5	the fair is traceable back to 1860. The fairgrounds site consists of 189 acres located in the City of Stockton. The County of San									
6	Joaquin gift deeded approximately 70 acres of this to the State and an extensive grounds improvement and construction program									
7	is under way. The 1957 fair was conducted from August 16th to August 25th. 14,072 exhibits entered by 2,015 exhibitors									
8	were judged at the fair. The 1958 fair dates are August 15th to August 24th.									
9										
10	Classified as a Regional-Sectional Fair in 1957.

22d DISTRICT AGRICULTURAL ASSOCIATION

(Conducting the Southern California Exposition at Del Mar)

LINE	FUND CONDITION	ACTUAL CALENDAR YEAR OF 1956			ESTIMATED CALENDAR YEAR OF 1957			PRDPOSED CALENDAR YEAR OF 1958		
		District Fund	State Fund	Total	District Fund	State Fund	Total	District Fund	State Fund	Total
1	GENERAL ANALYSIS									
2										
3										
4	The present activities of the 22d District Agricultural Association date from 1933. Annual shows are conducted on the association's									
5	fairgrounds located at Del Mar consisting of general livestock and other exhibits and a national horse show. In 1936 an agree-									
6	ment was entered into with the Del Mar Turf Club granting a franchise for the purpose of conducting racing meets on associa-									
7	tion grounds. Since that time, the Del Mar Turf Club has advanced money to the association for capital improvements on the									
8	grounds under an agreement whereby annual payments are made to the Turf Club by deduction from the rental payment									
9	by the Turf Club. The rental is based on a percentage of parimutuel wagering during the race meets. Several amendments to									
10	this franchise agreement have been made over a period of years and additional advances have been made from time to time by									
11	the Del Mar Turf Club. In 1954 a subfranchise agreement was entered into between the Del Mar Turf Club and Operating									
12	Company, Incorporated, for the conducting of race meetings although the Del Mar Turf Club still remains the primary respon-									
13	sible party under the original lease. In presenting the data below, the long term liability payable from future revenues from the									
14	balances available for operation have been segregated. The 1957 fair was conducted from June 28th to July 7th. 12,681									
15	exhibits entered by 2,487 exhibitors were judged at the fair. The 1958 fair dates are June 26th to July 6th.									
16	Classified as a Regional Fair in 1957.

1	GENERAL ANALYSIS									
2										
3										
4	The present activities of the association date from 1936. Annual fairs are conducted on the association's fairgrounds, located just out-									
5	side the City of Red Bluff, leased from the County of Tehama at a rental of \$10 per year. In addition, the association owns 8									
6	acres adjacent to the leased property. The lease expires in 1998. The 1957 fair was held August 1st to August 3d and consisted									
7	of general livestock and other exhibits. 5,758 exhibits entered by 874 exhibitors were judged at the fair. The 1958 fair dates are									
8	August 7th to August 9th.									
9	Classified as a Sectional Fair No. 2 in 1957.

2	GENERAL ANALYSIS									
3										
4	Present activities of the association date from 1937. Annual fairs are conducted on the association's grounds known as Bolado Park									
5	located approximately 8 miles from the City of Hollister. San Benito County Fair is also conducted on these grounds. The 1957									
6	fair was held from October 4th to October 6th and consisted of general livestock and other exhibits. The rather large nonfair									
7	revenues and expenditures as shown below are due to the fact that the association operates, on a year-around basis, a swimming									
8	pool, picnic area, barbecue area, and other facilities. 3,836 exhibits entered by 713 exhibitors were judged at the 1957 fair. The									
9	1958 fair dates are October 3d to October 5th.									
10	Classified as a Sectional Fair No. 2 in 1957.

1	GENERAL ANALYSIS									
2										
3										
4	The association was organized in 1921. No information on activities is available prior to 1930. Annual fairs are conducted on associa-									
5	tion fairgrounds located in the City of Imperial and leased from the County of Imperial at an annual rental of \$5. The lease									
6	expires in 1987. The 1957 fair was conducted from March 2d to March 10th. 5,121 exhibits entered by 1,392 exhibitors were									
7	judged at the fair. The 1958 fair dates are March 1st to March 9th. In view of the fact that fairs are held early in the year, the									
8	association has adopted a fiscal year ending June 30th for accounting purposes.									
9	Classified as a Sectional Fair No. 1 in 1957.

		District Fund	State Fund	Total	District Fund	State Fund	Total	District Fund	State Fund	Total
1	GENERAL ANALYSIS									
2	The association was organized in 1935. Annual fairs are held on the association's property located in the Bandini section of East									
3	Los Angeles. Under the provisions of Section 19622 of the Business and Professions Code as amended by Chapter 2387, Statutes									
4	of 1957, the association was granted an annual appropriation of \$125,000 in lieu of the allocations previously received under									
5	Section 92 of the Agricultural Code. The increase was made to enable the association to add an annual dairy show to their									
6	operations. The 1957 Great Western Livestock Show featuring fat market animals, was conducted November 29th to December									
7	4th. The dates for the 1958 Great Western Livestock Show are November 21st to November 26th. The first Great Western Dairy									
8	Show is tentatively scheduled for June, 1958.

1	GENERAL ANALYSIS									
2										
3										
4	The association was formed in 1948 pursuant to amendments to the Agricultural Code passed in 1947. The association succeeded to									
5	the activities of the Sacramento County Fair held at the City of Galt on county fairgrounds since 1937. Since 1954, fairs have									
6	been conducted on the grounds of the California State Fair due to abandonment of association grounds in Galt. The 1957 fair									
7	was conducted June 27th to June 30th, 4,768 exhibits entered by 1,249 exhibitors were judged at the fair. The 1958 fair dates are									
8	June 26th to June 29th.									
9	Classified as a Sectional Fair No. 2 in 1957.

1	GENERAL ANALYSIS									
2										
3										
4	The fair is held under the direction of the board of supervisors who appoint directors to manage the operation of the fair. In the									
5	past, these directors have been men from the membership of the Humboldt County Fair Association, an organization founded in									
6	1897 and which has assisted or conducted county fairs each year since that time with the exception of the war-years period.									
7	Annual fairs are conducted at the county fairgrounds located in the City of Ferndale. The 1957 fair was conducted from									
8	August 9th to August 17th and featured general livestock and other exhibits with particular emphasis on dairy cattle and									
9	sheep. 4,770 exhibits entered by 759 exhibitors were judged at the fair. The 1958 fair dates are August 8th to August 16th. For									
10	many years a feature of the show has been horse racing and pari-mutuel wagering.									
11	Classified as a Sectional Fair No. 2 in 1957.

LOS ANGELES COUNTY FAIR

(Conducting the Los Angeles County Fair at Pomona)

LINE	FUND CONDITION	ACTUAL CALENDAR YEAR OF 1956			ESTIMATED CALENDAR YEAR OF 1957			PROPOSED CALENDAR YEAR OF 1958		
		Association Fund	State Fund	Total	Association Fund	State Fund	Total	Association Fund	State Fund	Total
1	GENERAL ANALYSIS									
2										
3										
4	The fair is conducted by the Los Angeles County Fair Association under an agreement with Los Angeles County under the									
5	provision of Government Code, Section 25906. The Los Angeles County Fair Association was incorporated as a nonprofit									
6	corporation in 1940 and succeeded to the Los Angeles County Fair, a nonprofit stock corporation, at that time. Los Angeles									
7	County receives allocations for conducting the fair under the provisions of Section 19622 of the Business and Professions Code									
8	and under its agreement with the Los Angeles County Fair Association, reimburses the association for expenditures to the extent									
9	of the state appropriations. The annual allocation of \$125,000 under the provisions of Section 19622 of the Business and Pro-									
10	fessions Code was increased from \$125,000 to \$250,000 under the provisions of Chapter 2387, Statutes of 1957. The Depart-									
11	ment of Finance does not have any jurisdiction over the activities of the fair other than annual audit examinations by the									
12	Audits Division of the department. The 1957 fair was conducted from September 13th to September 29th. The 1958 fair dates									
13	are September 12th to September 28th.

1	GENERAL ANALYSIS									
2										
3										
4	Sponsorship of the fair by Riverside County dates from 1938. Annual fairs are held on the county's fairgrounds located just outside									
5	the city limits of Indio by an advisory committee appointed by the board of supervisors. The particular feature of the fair has									
6	always been the date exhibits, but has included livestock and other general exhibits. The 1957 fair was conducted from February									
7	16th to February 24th. 4,368 exhibits entered by 1,633 exhibitors were judged at the fair. The 1958 fair dates are February 14th									
8	to February 23d.									
9	Classified as a Regional-Sectional Fair in 1957.

1	GENERAL ANALYSIS									
2										
3										
4	Activities of the fair date from January, 1946, although no allocations were received by the association under Section 92 of the									
5	Agricultural Code until 1950. Annual fairs are conducted on approximately 150 acres of land north of the City of Vallejo by									
6	the Solano County Fair Association under agreements with the board of supervisors under the provisions of Section 25905 of									
7	the Government Code. A particular feature of the fair has been a race meeting with parimutuel betting. The 1957 fair was									
8	held from July 5th to July 14th and consisted of general livestock and other exhibits. 4,533 exhibits entered by 758 exhibitors									
9	were judged at the fair. The 1958 fair dates are June 20th to June 29th.									
10	Classified as a Sectional Fair No. 1 in 1957.

1	GENERAL ANALYSIS									
2										
3										
4	This fair receives an annual state allocation under Section 19624(a) of the Business and Professions Code, the first such allocatio									
5	being made in 1945. The Cloverdale Citrus Fair was incorporated as a nonprofit organization in 1951, prior fairs having bee									
6	conducted by the Cloverdale Chamber of Commerce. Operations of the Cloverdale Citrus Fair do not come under the supervisio									
7	of the Department of Finance other than through audit examinations conducted by the Audits Division of the department. N									
8	figures are presented covering the proposed activities for the fiscal year ending June 30, 1958, inasmuch as such budgets do n									
9	come under the Department of Finance. Annual shows, featuring citrus displays, are conducted in the association's pavilio									
10	located in the City of Cloverdale. The 1957 show was held from February 21st to February 24th. The 1958 show dates ar									
11	February 20th to February 23d.

NATIONAL ORANGE SHOW

(Conducting the National Orange Show at San Bernardino)

LINE	FUND CONDITION	Actual Fiscal Year Ending April 30, 1956			Actual Fiscal Year Ending April 30, 1957			Proposed Fiscal Year Ending April 30, 1958		
		Association Funds	State Fund	Total	Association Funds	State Fund	Total	Association Funds	State Fund	Total
1	GENERAL ANALYSIS									
2	The National Orange Show was incorporated in 1922 and is a continuation of a nonprofit association with some modifications formed									
3	in 1910. It appears that the early history of citrus fairs in San Bernardino can be traced back to 1879. The association receives									
4	an allocation under the provisions of Section 19624 of the Business and Professions Code but does not come under the juris-									
5	diction of the Government Code or other codes pertaining to state organizations, its actions being governed by the Corporations									
6	Code. The only jurisdiction the Department of Finance has of the activities of the association pertains to an annual audit to									
7	determine that the appropriations have been used for the general purposes provided by the statutes. Under the provisions of Section									
8	94.6 of the Agricultural Code the National Orange Show is required to file with the Department of Finance by January 20th									
9	each year, a statement of operations in the previous calendar year. Annual fairs are conducted by the association on grounds									
10	owned by the association and located in the City of San Bernardino. The 1957 show was held from March 14th to March 24th.									
11	The 1958 show dates are April 10th to April 20th.

Salaries and Wages

INTRODUCTION

The method of presenting information regarding the staffing of state agencies, pay-scales and salary and wage payments has been changed with this budget. Under the new plan, the budgets of each agency carry a summary of positions now authorized and full detail on all proposed new positions. Detailed data on existing positions, formerly carried in the budget document, are presented in this supplement. The change has been made in order (1) to provide a clearer picture of the service programs of each agency, (2) to reduce the amount of detail given in the budget document, and (3) to present in this supplement all essential detail on individual positions, pay-rates and salary and wage disbursements.

Positions authorized in each of the operating agencies in July 1, 1957, are listed by official class titles in the following pages. Salary ranges, as outlined below, and total salary and wage requirements in the 1958-59 fiscal year for presently authorized positions are given. Data on positions and disbursements in 1956-57 and 1957-58 are also shown for purposes of comparison. A descriptive summary of position titles, position count, salary ranges in state service and for instructional positions in colleges and special schools, and the State's plan for merit salary adjustments with the established ranges is presented below.

Position Titles

In the detailed departmental and agency budgets, positions included in the state civil service have been set forth under the official class titles established therefor by the Personnel Board. Positions exempt from civil service have been listed by their departmental titles, as set forth on the official roster of employees maintained by the State Controller under the central pay installation.

Positions Now Authorized

In general, the positions included under this heading are those which were established as of July 1, 1957, together with those for which funds were provided in the 1957-58 Fiscal Year Budget or otherwise authorized as of that date. Amounts shown for positions now authorized represent actual salary payments for 1956-57 and estimated salary payments during 1957-58 and 1958-59, assuming full-year employment, unless the position is estimated to be established materially later than July 1st. In such cases only the cost from date of establishment is shown and the positions are so noted.

Replacement of positions at a higher level either (a) upon completion of a training period or (b) after temporarily "down grading" are included under this heading. Such transactions are indicated by showing both class titles on the same line, with a salary range of the minimum salary of the lower class and the maximum of the higher class. Examples: (a) administrative trainee-junior staff analyst, \$376-505, (b) junior-intermediate clerk, \$243-341.

Continuation during 1958-59 of positions authorized temporarily until June 30, 1958, are included under "Positions Now Authorized." These positions may be identified by an explanation in parentheses indicating the extent of the continuation, such as: (extended to December 31, 1958) or (extended to permanent).

Number of Positions

Filled positions in 1956-57 are counted to the nearest tenth of full-time and full-year employment, except for members of boards and commissions, temporary help, etc.

Authorized positions for 1957-58 and 1958-59 are counted to the nearest tenth of full-time. Full-time positions authorized to start later than July 1st are counted as full positions, but the totals are adjusted for the unused time by a deduction under estimated salary savings.

Salary Range

Rates of pay listed under this heading represent salary ranges established by the State Personnel Board for civil service, state college, and Maritime Academy classifications, or fixed by statute or by the appointing authority and approved by the Director of Finance for other exempt positions.

The amounts shown indicate (1) the minimum rate and (2) the maximum rate. The minimum of the range serves as the normal entrance rate for new appointees to any position in a class and represents the lowest rate to be paid to any employee who is considered qualified for appointment to or retention in a position. The maximum of the range represents the highest rate payable to an employee who occupies any position in the class.

Under the revised pay plan adopted by the State Personnel Board, the intermediate steps in each salary range have been fixed at a uniform percentage interval of 5 percent, except that no interval is less than \$10 and none more than \$50. This plan is used also for most salaries fixed for exempt positions. A table of salary ranges in the state service is included at the end of this section. Thus, \$243-295 indicates a monthly salary range having steps of \$243-\$255-\$268-\$281-\$295. Salary ranges for instructional positions in the state colleges and in other state agencies are set forth on page 4.

Schedule of Salary Ranges in Use in the State Service *

Range No.	Steps					Range No.	Steps				
19-----	\$243	\$255	\$268	\$281	\$295	37-----	\$584	\$613	\$644	\$676	\$710

36-----	556	584	613	644	676	54-----	1400	1450	1500	—	—

* Four-step salary ranges, with one step higher minimum, are established for certain classes with recruiting difficulties.

Salary Schedule for Instructional Positions—State Colleges

(Based Upon Salaries Effective November 1, 1957)

RANK a	ACADEMIC		VOCATIONAL
	CLASS I b	CLASS II c	
Assistant -----	\$4,296- 4,740	—	—
Instructor -----	4,980- 6,060	\$5,232- 6,360	—
Junior instructor d -----	4,980- 6,060	5,232- 6,360	\$4,980- 6,060
Assistant professor -----	5,496- 6,672	5,772- 7,008	—
Intermediate instructor d -----	5,496- 6,672	5,772- 7,008	5,496- 6,672
Associate professor -----	6,672- 8,112	7,008- 8,520	—
Senior instructor d -----	6,672- 8,112	7,008- 8,520	7,008- 8,520
Professor -----	8,520-10,344	8,940-10,860	—
Principal instructor d -----	8,520-10,344	8,940-10,860	8,940-10,860

a Budgetary limitations on appointment to each range are 15 percent to 20 percent for instructor or below, 25 percent to 35 percent for assistant professor, 20 percent to 25 percent for associate professor, and 25 percent to 35 percent for professor, of total authorized teaching positions.

b Persons whose academic or professional preparation is equivalent to a college degree.

c Persons whose academic or professional preparation is equivalent to a doctor's degree.

d Instructors and vocational instructors receive, in addition to the above schedule, three steps, or approximately 15 percent, if employed for 12 months instead of the normal 10-month teaching period.

Salary Schedule for Instructional Positions—Other State Agencies

(Ranges and Criteria of Application for Teachers)

Range	Steps				
A-----	\$415	\$436	\$458	\$481	\$505
B-----	436	458	481	505	530
C-----	458	481	505	530	556
D-----	481	505	530	556	584
E-----	505	530	556	584	613
F-----	530	556	584	613	644

CRITERIA FOR RANGE DETERMINATION

Range A Provisional or special credential, without bachelor's degree.

Range B Bachelor's degree or regular elementary, junior high, or kindergarten-primary credential.

Range C Bachelor's degree or regular elementary, junior high, or kindergarten-primary credential; plus 12 upper division or graduate units which were not counted toward degree or which were taken subsequent to obtaining credential.

Range D Bachelor's degree or regular elementary, junior high, or kindergarten-primary credential; plus 24 upper division or graduate units which were not counted toward degree or which were taken subsequent to obtaining credential. Or regular secondary credential.

Ranges

E and F Used only for "incentive increases" when a teacher receiving less than Range F completes at least six units in college level courses approved by his department and taken after appointment. He shall then be entitled to advance to the corresponding step in the next higher salary range for the class, and such an advance shall be known as an "incentive increase."

VOCATIONAL (Preparation)

Three years' experience as journeyman craftsman.

Qualification for special secondary vocational Class A Credential in T and I and PS Education.

Merit Salary Adjustments

Subject to availability of funds, Section 18854 of the Government Code requires that each employee in the civil service receive an increase of one intermediate step in his salary range during each year in a position in which his service rating is equal to or above a reasonable minimum, which has been fixed by the Personnel Board as "Standard" until he reaches the maximum rate.

All employees in salary ranges with a maximum step of \$341 and below and who have received permanent appointments may receive an increase from the first step to the second step of their salary range upon completing six months of qualifying service as defined by Personnel Board rules. In addition, employees in salary ranges with a maximum step of \$358 to and including \$481 may receive a similar salary adjustment when the predominant recruitment source is from outside state service. This same adjustment may be granted to employees in classes with salary ranges not exceeding \$530 where acute recruitment difficulty is experienced.

Provision for the salary adjustments to which present employees will become entitled during the balance of the current year and in the budget year has been included in the amounts shown opposite each position or group of like positions. Inasmuch as turnover of personnel generally results in replacement at a lower step in the salary range, the amount budgeted for salary adjustments opposite each position is offset by a lump sum deduction for downward adjustments included in the deduction for "estimated salary savings."

Similar amounts for salary adjustments have been provided for exempt positions, where requested by the agency. Such adjustments have been computed in accordance with the salary schedule in effect for the respective positions.

Salary Range Adjustments

In determining the appropriate salary level for a class, a number of factors are taken into consideration by the State Personnel Board:

1. Rates of pay of private employers and of other public jurisdictions for comparable work.
2. Internal consistency of rates; equal pay for equal work, and pay differentials based on differences in the kind, difficulty, and responsibility of the work.
3. Conditions of work in the class.
4. The adequacy of existing appropriations which may be used for salary increase purposes.

The rates of pay of a group of approximately 215 casually employed trades workers and 550 printing trades employees in the state service are established at the hourly wage rates negotiated by unions with private employers in the county in which they are employed. These employees receive all the collateral benefits of premium pay for night work, travel time, and overtime pay provided by private industry. For these two groups, the State also pays the full cost of hospital, surgical and medical insurance benefits for both the employees and their dependents.

Casually employed trades workers working for the State do not receive the same benefits of vacation, sick leave and retirement that permanent State employees receive. However, the State does pay into vacation and retirement funds where such benefits are the prevailing practice in private industry.

Printing trades employees receive all of the benefits enjoyed by other State employees with one exception. Other State employees receive an average of 12 holidays a year. Printing trades employees are provided the seven paid holidays received by their counterparts in private industry.

The salary ranges shown are those in effect on November 1, 1957, and salaries and wages expenditures for both the 1957-58 and 1958-59 Fiscal Years reflect rates of pay then in effect. Statutory salaries are provided for at rates inclusive of enactment by the 1957 Legislature.

^a One-half position reimbursed by the Correctional Industries Revolving Fund.

^b Three positions transferred to Medical Facility due to transfer of psychotic inmates and 5 transferred to Soledad to staff adjustment center established there to house inmates previously in isolation-segregation unit being demolished.

^c One position temporarily approved in 1957-58 to meet increased workload due to increased population.

^d One position originally scheduled for transfer in 1957-58 to the Medical Facility to remain at San Quentin due to transfer of tubercular inmates from the Medical Facility.
